Jollein

[Jo • line] noun

Dreaming big since 1973. Made with family love. For 50 years, Jollein has been at all first moments of your baby. The sleeping bag specialist, baby bedding lover & expert. Dutch Design with the best high-quality and a personal touch. Wallet friendly. For all firsts.

The first time

Becoming a mother for the first time. A whole new world opens up, consisting of many first moments. The first weeks consist mainly of medical checks, sometimes uncertain moments, and physical changes. These are then followed up by the introduction to a fun, new world. Namely, the world of baby essentials.

The possibilities are endless. Because of my job at Jollein, I am already a bit familiar with these baby products. Jollein has been selling the finest and most beautiful essentials for mother and child for 50 years. All items are made with the most important ingredient: family love. Jollein has years of experience in this world, a world completely new to me as a mommy-to-be.

These fine must-haves for me and the baby are made of the softest materials and the cutest, trendiest prints, or the best basics. The amazing new themes match the existing colours and prints perfectly. So I can easily combine the borrowed Jollein items from my sister from two years ago, with the new collection.

In this catalog, you will find an overview of Jollein's very latest collection, the current collection and the best NOOS items. The new colors Wild Rose and Olive Green (favourite!) will blend perfectly into the new collection and match well with the current collections. The pretty Retro Flowers print and the soft Grain knit will definitely be ready in the cot waiting for my baby. The Jollein must-haves are waiting for our first outside adventure, first bite and first sleepover at grandpa and grandma.

The coming months (years?) will consist of many first moments for me. One thing I know for sure. Jollein will be a part of this.

So read further and check it out! You'll be amazed and inspired by the familiar items and new themes that are sure to make babies, dads, and moms super happy!

The beginning

Jollein's journey began in 1973, when Wim Smits Sr.'s baby goods textile company went bankrupt. Undeterred, he purchased some fabric, revamped an old bus, and kickstarted the family business by selling his wares to acquaintances.

The 70s

By the '70s, Jollein had evolved into a moving showroom, giving customers the chance to buy their favorite items on the spot.

Early 80s

Things really picked up in the '80s when production was in full swing, and the Smits family had to find their own storage space since their home was bursting at the seams. But that didn't stop them from making their customers happy!

Mid 80s

The production was running at full speed and the customers were happy with the beautiful products. Our house was bulging and we had to look for our own storage. It now felt like a real business!

The 90s

In the '90s, Wim Smits Sr.'s health began to decline, but his son and daughter-in-law, Marrit, took the wheel and kept the family tradition alive.

The years 2000

In the year 2000, an offer came in from Pakistan that Jollein just couldn't resist. The deal allowed them to purchase high-quality fabrics at an even better price, which meant they could expand their business even more.

Years 2010

Jollein grew fast as a brand and the products were sold more and more. Jollein became more than just a logo on a plastic bag: the brand Jollein was now a fact.

Now

Fast forward to 2023 and Jollein has become a household name with over 1500 customers all over the world. Jollein is teaming up with Mentha to take their international growth to the next level. Together, they're aiming to bolster Jollein's market share in existing regions and expand into brand new countries. With Mentha's expertise and support, Jollein is ready to take on the world. And even though we go through some changes, one thing has never changed:

Jollein's family love!

Favorites of Jollein

We have listed all the favourite items from our colleagues at Jollein below!

Emy, social media specialist, mother of Phlyn (8) en Philou (6)

"A baby sleeping bag is a real must-have for me when my kids were little. Waking up cozy and warm and after that a little cuddle in the big bed. I am in love with the velvet sleeping bag, so soft that I would like to sleep in it myself. And then the new colors Olive Green and Wild Rose, love it!"

Margreet, digital content specialist, Pregnant with her first child

"My favorite item in this collection is the footmuff for strollers in the new shade Olive Green. This warm and cozy footmuff with soft Bouclé inside will keep my little one warm in the stroller. And of course it matches perfectly with my Puffed diaper bag in the same color. Totally ready for the colder days!"

Janine, product development, mother of Milan (7) en Nola (4)

"Jollein has so many lovely items in this new collection! My personal favorite are the fairy dolls that are named Livia and Mae. Extra fun that I was asked to design these dolls. I hope that Livia and Mae make every baby or child smile and that they will have a lot of fun with them."

Janneke, purchase, mother of Thijmen (10), Fenne (7) en Lize (6)

"In this collection my eye catches the Soft Waves items. A refreshing theme with an innovative look and feel in pastel tones. And of course the new Bear wrap blankets, a real eye catcher in trendy bouclé fabric. What's not to love!"

Femke, export and sales support, mother of Rutger (4) en Fedde (1)

"My favorite Jollein item is by far the Puffed diaper bag. When we go out with our boys we need to take lots of stuff. It all easily fits in this wonderful bag. The big side compartment with zipper and the 2 small side compartments are perfect for little things. The bag fits around the hand grip of our stroller, that's very nice. I take the bag everywhere we go!"

Dorienke, product development, mother of Gaya (2)

"In the new collection I love the Dreamy Mouse theme. The dreamy world full of flowers, butterflies, bees and the mouse make me and my 1 year old daughter so happy! It makes it fun that some items like the suitcase and wrap blanket have the happy all-over print and the playpen quilt and blankets have 1 panel print, that shows the world where the mouse lives. Dream away with this fantasy world is lovely with the Dreamy Mouse theme."

Cherèll, HR Advisor, mother of Sammie (1)

"My favorite of the new collection is the Grain Knit playpen mat in the color Wild Rose. A very nice and thick playpen mat, in a beautiful color. Can be used on both sides. Obviously for in the playpen, but I took this everywhere the first year. So my daughter could play anytime anywhere. Highly recommended!"

Susan, export manager, mother of Aaron (14) en Nora (12)

"I really love the Dreamy Mouse theme. It's sweet and romantic and suitable for every nursery, if my kids where baby's I would choose this nice print in my baby's bedroom. My favorite one is the blanket it's lovely and print is beautiful!"

Annet, key account manager NL

"In this collection I pick a whole theme instead of an item. I think our new Dreamy Mouse theme is super cute and innovative. You see all collection colors so that it is super easy to mix and match with the rest. You can find blankets, bath capes but also very fun play suitcases, so if you're a fan of this theme you can go all the way!"

Esther (19), backoffice & customer care

All items of the new collection are way too cute, but the little dolls are my favorite. As a child I loved dolls and specifically the soft dolls were great to play and cuddle with. Plus they look incredibly cute too! Fantastic for the moms and dads among us. Definitely my favorites!"

interview with

DORIENKE

I am Dorienke, I am 33 years old and I am the mother of Gaia, a little girl of just 2 years old. I prefer to be creative both at work and at home. I got my creativity from my grandmother and mother. My grandmother painted a lot and my mother makes theater with homemade dolls, among other things. Nowadays I like to draw and paint with Gaia. I can already see that she is also creative. I enjoy that immensely.

How long have you been working at Jollein?

I have been working at Jollein for six months now. Since December 2022.

How would you describe Jollein?

Warm, cozy and progressive. We work with committed colleagues who work hard, which allows us to grow enormously. It's nice that different departments work together on the same products, but that each department has its own view on them, and each has its own strengths. This way we keep inspiring and motivating each other.

Which design you created is your favorite?

Right from the moment worked at Jollein I started working with the Dreamy Mouse. I loved the idea of creating an adorable dream world starring little mice. So I love that this was expanded into a theme. The great thing is that the blankets and the playpen rug include a panel print. This is a large drawing, and the other items like the wrap blanket,

bath towel , hydrophilic cloths and the suitcase have a cute all-over print with the playful mice, ladybugs flowers and butterflies.

Where do you get your inspiration for new designs?

I live in the city of Groningen and therefore I can get a lot of inspiration from what's in the stores. This doesn't necessarily have to be baby related. For example, I can get inspired in book stores, clothing stores or toy stores. I find children's books/ picture books especially inspiring. I also like to watch movies and series and play games. Especially from games I get inspiration when it comes to drawing styles. It can happen that I play a game, then grab my iPad or paper/pencil and get to work. This doesn't immediately have to become a design for Jollein, but I do enjoy discovering and learning more drawing styles through this.

"I LOVED THE IDEA OF CREATING AN ADORABLE DREAM WORLD STARRING LITTLE MICE."

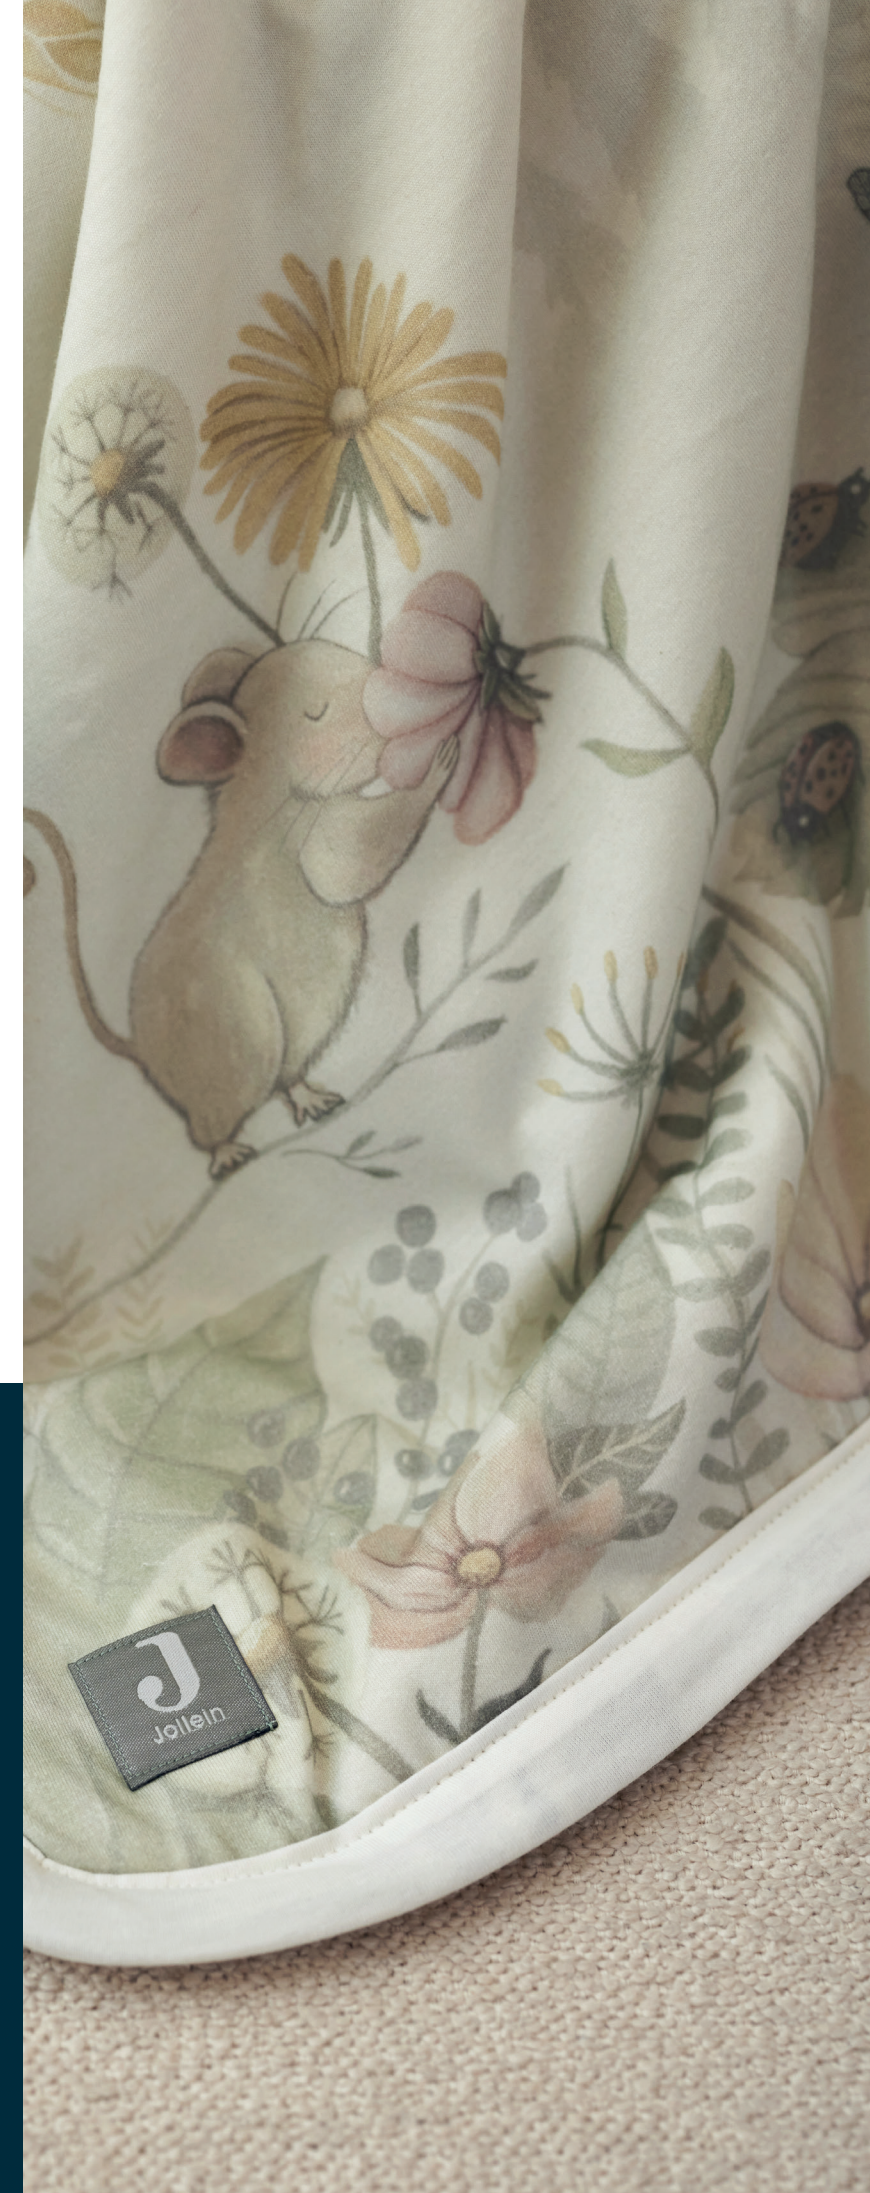

What is the most fun you have experienced at Jollein?

The samples of our upcoming collection are coming in now. It is amazing when a box opens and the products are exactly how we designed it. This gives enormous energy, and makes me proud.

What do you like to listen to on the road? Radio, music or podcast?

When I'm at work I think soft radio in the background is fine. That you can hear something playing in the background but not be bothered by it when you are busy emailing, for example. Very different from when I'm in the car, for example. Then I prefer to listen to heavy metal. But working with that music doesn't work for me, haha.

interview with

SUSAN

I am Susan 37, mom of 2 children (adolescents) Aaron (14) and Nora (12) and I live in Zuidlaren. In my spare time I love spending time with friends. And I can be found on the soccer field as a volunteer, soccer mom since both kids play soccer and I also play soccer myself.

How long have you been working at Jollein?

I have been working at Jollein as an export manager for a year now. Initially I only served customers abroad, but since a few months I also visit Dutch stores in several regions. So nice to see how our items are lovingly presented in brick-and-mortar stores.

How would you describe Jollein?

It is a wonderful company, we have such beautiful collections. We also have a nice working atmosphere and great colleagues.

From the past it has been a real family business and you really notice that in the atmosphere on the working floor. It is easily accessible and all colleagues work well together. We are all involved in the successes and challenges we go through as a company.

Furthermore, I would say that we develop really high-quality collections that are always completely on-trend. This is something I am super proud of!

What is the most fun thing you have experienced at Jollein?

Plenty of fun things, but I really enjoy recording the collection videos. We do this every year. During this project, a videographer comes to the office and we record the video in the showroom. This video consists of explaining all the new products we are going to launch in the upcoming collection. I work on this together with a sales colleague and what you don't see on the video is actually the most fun, because especially at the beginning we have a lot of bloopers. We slip up, forget the name of a product for a moment or have a total blackout.

Because we record the video in English, it is sometimes a bit of a switch in terms of language. It might be fun to publish a blooper edition as well, so everyone can enjoy it! Would you like to see the collection video? Then check out the image bank.

What do you find most special about the contact with your customers?

For me it is very interesting to see the different cultures. And very nice to speak to everyone through Teams and to be able to show the collections. My customers really have passion. I can proudly tell them about our beautiful items and how it works if you want to become a Jollein dealer. We are constantly working to make this process even easier. This is a great challenge. I am also always busy sorting out all the paperwork to make it possible to deliver to all the countries that apply to become a Jollein customer.

“SO NICE TO SEE HOW OUR ITEMS ARE LOVINGLY PRESENTED IN BRICK-AND-MORTAR STORES.”

How many hours a week do you spend in the car?

Until recently, I worked entirely in the office. This was because I was mainly export manager for all our customers outside the Benelux and France. Therefore I give presentations in the showroom via zoom meetings to show our collection and answer all questions. Funny that, because of the time difference, I sometimes have a call at the craziest times to provide our customers in all corners of the world with all the information. Recently I have also started to cover a number of regions in the Netherlands. This is great fun, because it gives me real face-to-face contact with my customers. I spend

about 8/10 hours a week in the car. Usually 1 day a week. Of course, I also attend foreign trade fairs for which I travel a lot of kilometers with love. Because then I can really connect with customers!

What do you like to listen to on the road? Radio, music or podcast?

To spend time on the road, I prefer to listen to my own Spotify list. Every Sunday night I update this list with the latest releases. And with two teenagers in the house, I am always completely up-to-date in terms of music, which is ideal! My favo music is Top 40 and Dance. Kygo, David Guetta and Tiësto are my fave DJ's that make me sing along in the car.

What is your favo item from the new collection?

The dreamy mouse collection is fantastic. You can just see that so much love and attention has been put into it. How amazing that our development colleague Dorienke drew this all by herself. Every time I look at it I see new details in the drawing. Besides the print, the items in the collection are, as I am used to from Jollein, very soft and cuddly. Isn't this what you want for your baby? And I really like the puffer bag. Of course I immediately scored this bag when it rolled out of the container and was also available to order for us. I always get a lot of questions about it. It has the features of a real diaper bag with lots of pockets and all the accessories you need as a new mom, but it looks like a bag you can also take with you when you go out with friends or when you go to town. Even my daughter likes to borrow it.

“We provide a safe and warm haven to every young mother (to be). By offering beautiful, varied collections at a friendly price, we are present at every first milestone of a family. A first bite, a first nap, a first bath, a first time outside, a first playdate, a first seat and so on. 50 years for all firsts!

Besides all these amazing products there is something else you can only find at Jollein: a wealth of knowledge and experience that we like to share with you. We do not only know about baby essentials since 1973, we also know how it feels to become a mother (for the first time). After all, we have been through it ourselves.”
