Jollein

for all **firsts**

For over five decades, Jollein has been a companion throughout the significant milestones of a little one's journey. Jollein has been committed to delivering top-quality baby products at an affordable price because we understand the value and importance of this phase.

At Jollein, we are not just a brand; we are a part of your journey right from the very start. We want you as a parent, caregiver, or loved one to celebrate each milestone with joy and confidence. Whether it's that first playtime with our wooden toys, the initial sleep in their own crib with our softest sleeping bags or the first time going outside with our footmuffs, Jollein stands by your side.

At Jollein, we are here "for all firsts" because we believe these moments last a lifetime in your memories.

Logistics in Motion

Working in the Order & Logistics department means being involved in every step behind the scenes—from the moment a customer places an order to the moment the shipment leaves our warehouse. As a team, Marieke and Delany ensure a smooth and efficient handling of all orders and logistics for our clients.

Marieke has been part of the Jollein family for over three years, and Delany joined 2.5 years ago. They both started in customer service before transitioning to the order and logistics team. Marieke shares; Since then, we've become a well-aligned team. To keep things varied, we switch roles every week, while one of us handles incoming orders and info emails, the other takes care of preparing shipments and arranging transport.

We enjoy the fast pace and variety of our work. Every day brings something new, and we're in constant contact with nearly every department: sales, service, purchasing, and logistics. Whether it's a bulk order for a key international account or a complex container shipment, we handle everything with care and precision. Our biggest challenge? Coordinating large shipments and ensuring all customs documents are in place on time. But we love the responsibility, and we always celebrate big wins together.

It's also incredibly rewarding to work for such a beautiful brand. Jollein has a strong reputation, and being part of the team that helps bring our collections to life is something we're both proud of.

With the introduction of a new system, orders are processed even faster, allowing us to get shipments out the door more efficiently than ever. This has made our job even more dynamic, especially during collection launches, where the pace is high. We thrive on this energy!

Speaking of the new collection, our favorites? Delany loves the super-soft triangle from the flower fairies theme, while Marieke is a fan of the activity book from the Tiny Park theme filled with cats, dogs and other animals. We both adore the new hide and seek activity toy, a nest filled with little birds! Fun, playful, and full of pretty details to discover.

Working at Jollein gives us a real sense of purpose. We're both big fans of the brand, and we're proud to play a key role in ensuring everything runs smoothly. It's rewarding to contribute to something bigger, all while enjoying the great atmosphere within the company.

With love,
Marieke & Delany – Team Order & Logistics

The beginning

Jollein's journey began in 1973, when Wim Smits Senior's baby goods textile company went bankrupt. Undeterred, he purchased some fabric, revamped an old bus, and kickstarted the family business by selling his wares to acquaintances.

The 70s

By the '70s, Jollein had evolved into a moving showroom, giving customers the chance to buy their favorite items on the spot.

Around 1970

In the 1970s, Jollein reached a milestone when Wim Sr. noticed German mothers buying sleeping bags for their babies. Seeing potential, he made minor adjustments to create the ideal baby sleeping bag, which was born just two days later.

Early 80s

Things really picked up in the '80s when production was in full swing, and the Smits family had to find their own storage space since their home was bursting at the seams. But that didn't stop them from making their customers happy!

Mid 80s

The production was running at full speed and the customers were happy with the beautiful products. Our house was overflowing and we had to look for our own storage. It now felt like a real business!

The 90s

In the '90s, Wim Smits Sr.'s health began to decline, but his son and daughter-in-law, Marrit, took the wheel and kept the family tradition alive.

The 00's

In the year 2000, an offer came in from Pakistan that Jollein just couldn't resist. The deal allowed them to purchase high-quality fabrics at an even better price, which meant they could expand their business even more.

Around 2010

Jollein grew fast as a brand and the products were sold more and more. Jollein became more than just a logo on a plastic bag: the brand Jollein was now a fact.

Now

By 2025 Jollein has become a household name with over 1500 customers all over the world. Jollein is teaming up with Mentha to take their international growth to the next level. Together, they're aiming to bolster Jollein's market share in existing regions and expand into brand new countries. With Mentha's expertise and support, Jollein is ready to take on the world. One thing has never changed:

Jollein's family love!

Dreaming big since 1973

50+ years

It all started in 1973, when Jollein founder Wim Sr. stitched together the very first baby sleeping bag in his sewing studio. His goal? To give babies a safer, more comfortable night's sleep. Fifty years later, that same mission is at the heart of everything we do. While the world has changed, our focus on innovation, quality, and softness has only grown stronger.

As the colder months return, parents once again turn to the warmth and security of Jollein sleeping bags. Whether it's a cozy footmuff for a walk outside or a softly lined winter sleeping bag for bedtime, our collection is designed to keep little ones snug, safe, and comfortable through every chilly moment.

Our collection sleeping bags

Over the years, we've perfected our designs to strike the ideal balance between comfort, safety, and seasonal practicality. With features like detachable sleeves, breathable linings, and thoughtfully selected fabrics, each sleeping bag adapts to your baby's needs, from crisp autumn days to frosty winter nights.

To help parents choose the right sleeping bag, every design includes a helpful hangtag with the TOG value clearly explained. Our easy-to-use chart takes the guesswork out of dressing for sleep, so families can rest easy, no matter the weather.

With Jollein, you're not just offering beautifully designed sleep essentials, you're offering peace of mind, all year round.

Style it your way

Jollein furniture is a fantastic way to style your store and showcase our products beautifully, but it's not the only way. Even if you don't have Jollein furniture available, you can still create a stunning presentation. With a little creativity and smart styling, you can make your store look perfect and your products truly stand out.

At Jollein, we offer a beautiful range of shop-in-shop furniture to showcase our products perfectly in your store. If you're interested, please contact your account manager for more details. We have a total of six stylish pieces to enhance your store's display!

1

Play with Color

Color is a powerful tool to make products stand out. By giving the background or display area a contrasting color, you ensure your product immediately catches the eye. Think of colorful fabrics, backdrops, or even temporary murals. You can also create a playful look using accessories in matching colors.

2

Use Different Heights

Without furniture, you can create height differences by stacking boxes, crates, or baskets. This creates a dynamic and interesting display, making customers more likely to notice and explore the products. You can also use hanging display options, such as racks or branches to hang items from.

3

Focus on Thematic Styling

Create a theme around your products. For example, a nature corner with green plants and wooden elements, or a beach theme with sand, shells, and blue tones. This attracts customers and creates an experience that enhances the product all without the need for furniture.

4

Use Striking Lighting

Good lighting can literally put your product in the spotlight. Think of spotlights, LED strips, or ambient lighting that draws attention to your products. Playing with light and shadow adds extra depth and focus.

5

Encourage Movement and Interaction

Create setups that invite customers to touch, feel, or even assemble the products themselves. Products displayed without furniture can be placed on trays, in beautiful baskets, or on rolling carts that are easy to move. This makes exploring fun and dynamic.

Tjarda Scholtens, visual merchandiser and account manager at Jollein, has four years' experience in store layouts.

Go Organic, Go GOTS

The finest and softest products and also with the GOTS label? Jollein has it! GOTS is an internationally recognised standard for organic cotton. The requirements to get this label for a product are not only about the fabric itself, but also how it is manufactured and where it comes from. So we not only care for babies' sensitive skins through soft organic cotton, but we also care for the people who produce these beautiful fabrics.
