Jollein

for all **firsts**

For over five decades, Jollein has been a companion throughout the significant milestones of a little one's journey. Jollein has been committed to delivering top-quality baby products at an affordable price because we understand the value and importance of this phase.

At Jollein, we are not just a brand; we are a part of your journey right from the very start. We want you as a parent, caregiver, or loved one to celebrate each milestone with joy and confidence. Whether it's that first playtime with our wooden toys, the initial sleep in their own crib with our softest sleeping bags or the first time going outside with our footmuffs, Jollein stands by your side.

At Jollein, we are here "for all firsts" because we believe these moments last a lifetime in your memories.

Sales Support: always by your side

From quick answers to last-minute deliveries, our Sales Support team is there every step of the way. Two familiar faces within this team are Femke and Lisa. Each with their own expertise, both sharing the same passion: supporting our sales colleagues and B2B partners, day in and day out.

With over six years of experience at Jollein, Femke knows the ins and outs of Sales Support. Living in the north of the Netherlands with her family, she feels right at home in a dynamic and ever-changing workday. “No day is the same, and that’s exactly what makes my job so much fun,” she says. From setting up Jollein accounts and helping customers find their way in the B2B portal to tracking shipments and handling urgent orders, Femke is always ready to help. What she enjoys most? Turning a challenge into a happy customer. “When a rush order still arrives on time and the customer lets us know how relieved they are, that really makes my day.” Working with both national and international customers allows Femke to use her language skills every day, sometimes even speaking Frisian with customers from the north. She feels proud of how much Jollein has grown over the years and values the close collaboration between colleagues across all departments.

Her SS26 favourites? The reversible bathrobes and bath ponchos. Soft, practical and beautifully designed!

Lisa has been part of the Jollein team for one and a half years and is the familiar voice for our German-speaking customers in the DACH market. Originally from Germany and now living in the Netherlands for almost ten years, she effortlessly connects languages, cultures and teams. As the link between sales, service, finance, marketing, development and the warehouse, Lisa makes sure everything runs smoothly. She enjoys supporting boutiques and webshops, guiding them step by step through digital ordering and product information. “You really notice how much that personal support is appreciated,” she explains. For Lisa, great service starts with clear and friendly communication. “Every day, I want to make our customers feel supported and confident when working with Jollein.” Her SS26 favourite is the adorable stuffed animal bee lily. She also loves the mini toys in the new pram chains and mobiles, like the sun and ladybug designs. Little details that bring a smile and make the collection extra special. Together, Femke and Lisa are a true example of what Jollein stands for: a personal approach, flexibility and genuine commitment to strong, long-lasting partnerships with our B2B customers.

With love,

Femke & Lisa – Sales Support

Mix & match

The beginning

Jollein's journey began in 1973, when Wim Smits Senior's baby goods textile company went bankrupt. Undeterred, he purchased some fabric, revamped an old bus, and kickstarted the family business by selling his wares to acquaintances.

The 70s

By the '70s, Jollein had evolved into a moving showroom, giving customers the chance to buy their favorite items on the spot.

Around 1970

In the 1970s, Jollein reached a milestone when Wim Sr. noticed German mothers buying sleeping bags for their babies. Seeing potential, he made minor adjustments to create the ideal baby sleeping bag, which was born just two days later.

Early 80s

Things really picked up in the '80s when production was in full swing, and the Smits family had to find their own storage space since their home was bursting at the seams. But that didn't stop them from making their customers happy!

Mid 80s

The production was running at full speed and the customers were happy with the beautiful products. Our house was overflowing and we had to look for our own storage. It now felt like a real business!

The 90s

In the '90s, Wim Smits Sr.'s health began to decline, but his son and daughter-in-law, Marrit, took the wheel and kept the family tradition alive.

The 00's

In the year 2000, an offer came in from Pakistan that Jollein just couldn't resist. The deal allowed them to purchase high-quality fabrics at an even better price, which meant they could expand their business even more.

Around 2010

Jollein grew fast as a brand and the products were sold more and more. Jollein became more than just a logo on a plastic bag: the brand Jollein was now a fact.

Now

By 2026 Jollein has become a household name with over 1500 customers all over the world. Jollein is teaming up with Mentha to take their international growth to the next level. Together, they're aiming to bolster Jollein's market share in existing regions and expand into brand new countries. With Mentha's expertise and support, Jollein is ready to take on the world. One thing has never changed:

Jollein's family love!

ENJOY EXPLORING OUR RENEWED WEBSHOP!

SHOWCASE

At Jollein, we offer a beautiful range of shop-in-shop furniture to showcase our products perfectly in your store. If you're interested, please contact your account manager for more details. We have a total of six stylish pieces to enhance your store's display!

1

Play with color

Color is a powerful tool to make products stand out. By giving the background or display area a contrasting color, you ensure your product immediately catches the eye. Think of colorful fabrics, backdrops, or even temporary murals. You can also create a playful look using accessories in matching colors.

2

Use different heights

Without furniture, you can create height differences by stacking boxes, crates, or baskets. This creates a dynamic and interesting display, making customers more likely to notice and explore the products. You can also use hanging display options, such as racks or branches to hang items from.

3

Focus on thematic styling

Create a theme around your products. For example, a nature corner with green plants and wooden elements, or a beach theme with sand, shells, and blue tones. This attracts customers and creates an experience that enhances the product all without the need for furniture.

4

Use striking lighting

Good lighting can literally put your product in the spotlight. Think of spotlights, LED strips, or ambient lighting that draws attention to your products. Playing with light and shadow adds extra depth and focus.

5

Encourage movement and interaction

Create setups that invite customers to touch, feel, or even assemble the products themselves. Products displayed without furniture can be placed on trays, in beautiful baskets, or on rolling carts that are easy to move. This makes exploring fun and dynamic.

Tjarda Scholtens, visual merchandiser and account manager at Jollein, has ten years' experience in store layouts.

Dreaming big since 1973

It all started in 1973, when Jollein founder Wim Sr. stitched together the very first baby sleeping bag in his sewing studio. His goal? To give babies a safer, more comfortable night's sleep. Fifty years later, that same mission is at the heart of everything we do. While the world has changed, our focus on innovation, quality, and softness has only grown stronger.

As the colder months return, parents once again turn to the warmth and security of Jollein sleeping bags. Whether it's a cozy footmuff for a walk outside or a softly lined winter sleeping bag for bedtime, our collection is designed to keep little ones snug, safe, and comfortable through every chilly moment.

New! Padded without sleeves

The Sleeping Bag Newborn Jersey Padded is specially designed for the very first months and a new essential in our sleep collection.

Made from soft, breathable jersey with light padding, this sleeping bag offers just the right amount of warmth and comfort for newborns.

Perfect for everyday use, it helps keep your little one cosy while allowing natural movement and a comfortable sleep temperature. With its gentle materials and snug fit, this sleeping bag creates a safe and soothing sleeping environment right from the start.

TOG advice for sleeping bags with sleeves

Our sleeping bags with removable sleeves are your go-to choice for transitioning between seasons and for the winter months. They provide extra warmth during cold nights and can be easily adjusted to the surrounding temperature by simply zipping off the sleeves.

TOG advice for sleeping bags without sleeves

The sleeping bags without sleeves are the musthave for sleeping in late spring when the nights start to warm up and hot summer nights. With a low TOG rating, they are comfortable for these seasons.

Our collection sleeping bags

Over the years, we have perfected our designs to strike the ideal balance between comfort, safety, and seasonal practicality. With features like detachable sleeves, breathable linings, and thoughtfully selected fabrics, each sleeping bag adapts to your baby's needs, from crisp autumn days to frosty winter nights.

To help parents choose the right sleeping bag, every design includes a helpful hangtag with the TOG value clearly explained. Our easy-to-use chart takes the guesswork out of dressing for sleep, so families can rest easy, no matter the weather.

With sweet flowers, cute bees, cheerful ladybugs, and a shining sun, it feels like you're on a picnic together, right in the nursery. Soft Blush and Ivory colors form the base of this charming theme, complemented by warm accent tones like Light Terra, Honey, and Milky Coffee. They create a calm yet playful look that pairs beautifully with other Jollein favorites. Whether you choose a cozy blanket, a cuddly comforter cloth, or a cute backpack, Pretty Picnic adds a touch of softness and imagination to every moment. A dreamy theme that invites little ones to discover, play, and enjoy life's smallest joys.
